# INTRODUCTION TO WEBSITE

- This is an E-commerce website for selling Bonsai plants
- HTML, CSS and JavaScript are used to build this website
- There are 6 webpages: Home page, Product page, Blog page, Research page, About us page, and Account page.

# Goals and objectives:

- To develop our skills on designing a website using HTML, CSS and JavaScript
- To create raw designs and structure of the webpages using Balsamiq wireframes

# HOME PAGE

This is the default webpage of the website

Has brief information about other webpages

Includes a section for exclusively discounted products

**Bonsai Nation**  
Beauty Within A Confined Space

**Home Products Blog Research About Us Account**

# Beauty Within A Confined Space!

The object is not to make the tree look like a bonsai, but to make the bonsai look like a tree.

[All Products](#)

A close-up photograph showing a person's hands watering a small bonsai tree. The tree has a gnarled trunk and dense green foliage. It is potted in a dark, shallow container. A silver metal watering can is held at an angle, directing a stream of water onto the soil. The background is a plain, light-colored wall.

# PRODUCT PAGE

- This webpage consists of all the products which are available in the website
- Here, customers can view detailed information about different products
- Customers are able to order their chosen products from this webpage by using the "Add to cart" button
